**DATA CAPTURER
4 YEAR FIXED-TERM CONTRACT
MASIPHUMELELE RESEARCH OFFICE; FISH HOEK**

The Desmond Tutu Health Foundation (DTHF) is a registered non-profit organisation focused on the pursuit of excellence in research, treatment and prevention of HIV and related infections in Southern Africa.

We have fantastic job opportunities across our businesses for talented people wanting to realize their full potential. Could that be you? If so, we invite you to explore the possibility of joining us to play your part in Desmond Tutu Health-Foundations' exciting future.

This full-time 4 year fixed-term contract Data Capturer position will be based at Masiphumelele Research Centre in Masiphumelele, Fish Hoek, Cape Town. The main purpose of this position is review, validate and improve the quality of research data as well as assist the study coordinator and investigator with site-related research activities. The Data Capturer provides critical study conduct support through basic clinical reviews, query generation, reconciliation and reporting. Additional responsibilities include supporting clinical study team members in the completion and filing (paper and electronic) of clinical data, reports and administrative study documentation along with data entry on a daily basis.

Requirements:

- Grade 12
- At least 1 -2 years clinical research experience in data capturing
- Computer skills, with ability to maintain excel spreadsheets/ and Ms Access, REDCap (at least 2 of these)
- Excellent communication skills (verbal and written)
- Ability to work under pressure with high volumes of daily processing
- Good interpersonal skills
- Excellent attention to detail
- Good planning and organising skills
- Problem solving skills
- Ability to set and meet deadlines with high quality
- Good Work Standards
- Ability to work within a team and independently
- Maintain confidentiality

Advantageous:

- Data administration experience
- Good Clinical Practice (GCP) Certificate
- Human Subjects Protection (HSP) Certificate
- Knowledge of clinical trial processes
- Knowledge of clinical trial concepts and community awareness programmes
